Modified WSU Potato Field Day June 24, WSU-Othello Farm

In lieu of the traditional field day, the WSU Potato Group will offer a hybrid event incorporating a self-guided tour of the WSU Potato Seed Lot Trial and several research demonstration trials. WSU researchers will be available to answer questions and guide participants. If COVID restrictions are reduced or lifted prior to June 24, there may be additional activities and discussion groups. In an effort to reduce the crowd size, the event will be offered across a six-hour window. Participants may arrive at any time during the six-hour window. The event will be offered from 8:30 am to 2:30 pm at the WSU-Othello Research Farm located at 1471 W. Cox Rd, Othello, WA. For more information, please email Mark Pavek: mjpavek@wsu.edu and check the web, www.potatoes.wsu.edu. No Lunch will be offered. We will apply for pesticide recertification and CCA credits.

Modified/Non-Traditional OSU Potato Field Day Announcement June 23, OSU Hermiston

OSU Potato Field Day, June 23. Modified in-person small groups. Pre-registration needed; first come first served. In an effort to reduce the crowd size, the event will be offered as concurrent sessions. Check our website <https://extension.oregonstate.edu/harec/farm-fair/field-days> for more details. Lunch boxes and pesticide recertification and CCA credits will be offered. Contact [Ray Qin](#) and/or [Sagar Sathuvalli](#) for more details. Agenda will be available soon.

Focus on Potato Webcasts Available

Focus on Potato is a series of webcasts that Jeff Miller announced over the years. These webcasts were free for a short period of time, and then you had to subscribe to view them.

All these webcasts are now free to watch here:
